

Dear Ms.Schiefer:

The OAMRT/CMRTO submission is excellent. I am proud to say that I am an MRTT and a member of the OAMRT/CAMRT. This is a fine example of the work that our provincial association does on our behalf. The contributors to this document have, in my opinion, left no stone unturned. Hopefully the ministry will have the infinite wisdom to accept their proposal. Thanks also to the HPRAC members and support staff.

Regards,  
Lynda
