

Annie Schiefer, Project Manager
Health Professions Regulatory Advisory Council
55 St. Clair Avenue West
Suite 806, Box 18
Toronto, ON

Dear Ms. Schiefer,

I would like to support the formal submission that the Ontario Pharmacists' Association made to the HPRAC regarding the expanded scope of practice of pharmacists.

I live in a small rural community called Port Rowan and it relies heavily on the health care services that we provide. The nine changes to the Pharmacy Act and the Drugs and Pharmacies Regulation Act will broaden the pharmacist's scope of practice to my community and help ensure positive healthy outcomes for patients in a cost effective manner.

Respectfully submitted,

Glenn Coon

Pharmacist / Owner
