Dear Ms. Shiefer:

I wanted to let you know that I am in full support of the Ontario Pharmacists' Association position with regard to increased scope of practice for Pharmacists, including initiation of medications for minor ailments under a formulary system and providing routine injections including immunizations. Clearly with the availability of pharmacists and their unique role in the community we have an opportunity to improve the health and well being of Ontarians.

Respectfully,

Neil Bornstein, M.Sc.Phm., R.Ph.

Pharmacist and Owner

Compounding Centre
